(1) The Dy Com^r recommends the doubling of the rate of fines only in the case of Cows and Calves and hence bulls were excluded.

(1b) It is significant fact that draught bullocks are scarcely to be found in their homesteads by the ryots. They are not allowed to roam at large even for grazing purposes. This is perhaps because they are of some value. The drafts may be kindly approved

I R,

I have the honor to state that many persons of Harihar who cattle let loose their animals such as cows, calves, asses and ats which damage the crops whereby the ryots are put to trouble and ss. Though the cattle are often impounded, the owners get them leased and allow them habitually to trespass on lands again The esent small rate of fine has no preventive effect On the repre- ntation of the land owning residents of the town, the Municipal ouncil at the meeting held on 31st January 1918 (Vide copy of the esolution enclosed) as a result of the discussion have proposed hat the rate of fines be doubled in the case of cows and calves and hat in the case of asses and goats, the sanction of Government be btained for the institution of proceedings for damages against the wners of such cattle under section 26 of the Cattle Trespass Act as he rate of fines on this kind of cattle has already been doubled and annot further be enhanced I request that these proposals of the ouncil may kindly be sanctioned

I have the honor to be
